Description

Sue quotes the Island Sailing Club as she couldn't say it better!

The annual Round the Island Race is something of a unique event in the sporting calendar and is the fourth largest mass participation event in the UK (after the London Marathon, Great North and South Runs). It's rare to find a sporting occasion that encourages enthusiastic amateurs to compete against the elite pros and Olympians of a sport, all on an equal footing and around the same racecourse. This race does just that and celebrates the varied collection of sailors that compete, all of whom love to have a cracking day out on the water.
